SCALP ANTI GRAFFITI 49

GRAFFITIS REMOVER FOR SENSITIVE SURFACES

I - PROPERTIES

SCALP ANTI GRAFFITI 49 is a dissolvent designed to remove tag, either painted or made with a marker, from coated surfaces, sensitive and delicate, such as: paints, car paints, wood, plastic glass.
Owing to the great variety of coatings and tags, to make trial prior to applying SCALP ANTI GRAFFITI 49, to check its action on graffiti and base.

II- CHARACTERISTICS

Visual aspect: clear gel, slightly yellow
Specific gravity: 1,05 g/cm³ at 20°C
Flash point: >58°C
Insensitive to freezing
Ambient application temperature: 5 to 50 °C

III- INSTRUCTIONS FOR USE

Apply SCALP ANTI GRAFFITI 49 over graffiti, let it operate, then wipe off gently with a rag.
Repeat process if necessary.
Should some colouration remain, use SCALPNET EDJ 28

IV- WARNING

Working with a graffiti remover is delicate and depends much upon surface and type of graffiti: it is necessary to make a prior trial to check sensitivity of surface and of the graffiti.
Do not smoke when working with SCALP ANTI GRAFFITI 49, nor eat or drink.

Important: Information contained here above is the result of our experience with the product. We cannot be held responsible for any particular use of the product. It is recommended to make a trial prior to using product.
